Subject: Education, practice in and recognition to electro-homoeopathy.

Sir,

I am directed to refer to your representation, dated 19.01.2017, addressed to Hon'ble Minister for Health and Family Welfare, on the above subject, and to state that a committee has since been set up by the government for considering proposals for recognition of new systems of medicine / therapy. The committee will analyse and examine such proposals in order to determine whether, or not, such new systems will be viable for safe adoption in the healthcare system. However, such proposals need to be quite detailed, and accompanied with relevant documents. For detailed information, you may like to see the 'Notice', which is uploaded on the official website of the Department of Health Research [Website URL is <http://dhr.gov.in>] and located in the 'Acts & Circulars' icon-linked page under the heading "Alternative Systems of Medicine & Therapy". This will provide you the details of the mechanism that has been set up for consideration of proposals for recognition to new / alternative systems of medicine.

Yours faithfully,

(Om Parkash)
